

B-R

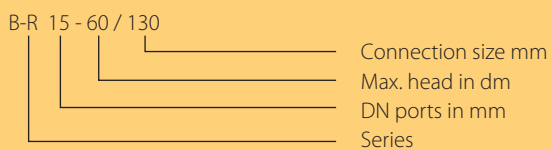

3 Speed, Wet Running, Bronze Execution, Re-Circulation Pumps

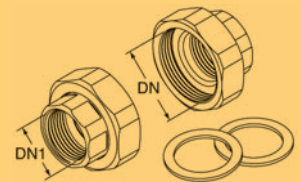

FEATURES

- Electric circulator pumps for sanitary hot water circulation
- Temperature of pumped liquid +2°C / +65°C
- Maximum operating pressure 10 Bar (PN10)
- Impeller: Composite material
- Insulation Class: H and IP44 protection
- Three-speed hand selector motor
- Copper winding
- Bronze pump body designed for direct installation on to copper piping with 1 ¼" threaded connections.
- Single-phase 230V 50 Hz power supply
- Suitable for installation in horizontal or vertical piping in any position provided that motor axis is horizontal.
